Faith in Motion Update!

Thank you for your continued support to this years building fund challenge. This past month we were able to replace the new heat and air unit on the lower level of the church building. We purchased a larger unit that would provide adequate air flow for all of our offices and classrooms. With this project now paid in full along with the purchase of our new 2017 church van, we are now moving on towards raising money for our future projects for the Family Life Center. Thank you for your faithfulness to the kingdom of God. To God be the glory, great things He has done!
